

What to do if a U of U Health staff, student or faculty are concerned about COVID exposure, close contact or illness?

Check for current COVID 19 symptom list at [CDC](#) website.

Go / Stay home if you have ANY symptoms or known exposure
Notify supervisor(s)
Self-isolate

Academic/Non-Clinical setting = classroom, simulation, laboratories, etc.

Clinical Interaction - work in the hospital, clinic, other setting, typically with patients.

The COVID-19 reporting form puts you in contact with the UU Contact Tracers who will notify you if you need to take further action.

Notify supervisor(s) of advice from work wellness or general campus.

Known exposure is defined as an individual who was in close contact with someone who has tested positive for COVID-19 without [adequate PPE](#).

Close contact is defined as less than 6 feet of distance for more than 15 minutes.

If your supervisor(s) tells you to stay home, then stay home.
