

# 360CONNECT

MAKING CONNECTIONS ACROSS THE RESEARCH SPECTRUM—  
FROM CELLS TO CLINICS TO COMMUNITIES—TO TRANSFORM HEALTH

## RESEARCH ACROSS BORDERS

A global program sends U of U Health graduate students to Cameroon to learn what it is like to live with the deadly condition they research, malaria. In exchange, African scientists come to Utah to investigate the familiar diseases in close detail. The result is a strong partnership that benefits science and scientists on both sides of the world.

## EVIDENCE SUGGESTS COVID-19 ISN'T SEXUALLY TRANSMITTED

COVID-19 is unlikely to be spread through semen, according to U of U Health scientists who participated in an international study of Chinese men who recently had the disease but were not severely ill.

## UTAH HERO (HEALTH & ECONOMIC RECOVERY OUTREACH)

The David Eccles School of Business and U of U Health announce Utah HERO (Health & Economic Recovery Outreach), a massive undertaking that will start with testing 10,000 Utahns under four counties. The data will help keep residents safe and get people back to work.
