“Cash for Clunkers” Freezer Trade-In Program

The SVPHS Research Unit, in coordination with the Office of the Vice President for Research, is again able to offer a freezer trade-in program, intended to increase the efficiency and reliability of -80 freezers on campus. Program pricing has been negotiated with ThermoFisher to provide high-efficiency freezers at the lowest possible cost to our programs. A \$4,000 trade-in rebate will be offered for all of campus. To be eligible to receive the rebate, programs must trade in an energy-inefficient freezer at the time of purchase.

Freezer Information: See attached brochure.

Purchase Information:

In coordination with their department, labs are responsible for purchase arrangements. Financing is offered through Fisher Scientific. For additional information, please contact Kelsey Thompson at kelsey.thompson@thermofisher.com or 385-266-4309 or Steve Hawker at steve.hawker@thermofisher.com or (801) 361-7535 and reference the Freezer Trade-In Program.

Freezer Disposal:

Trade-in freezers will be disposed of by the company at no additional cost to the lab. Arrangements **must** be made with Fisher Scientific when purchasing. Please select the “Environmental Disposal” option. A retirement/transfer form should also be completed for any freezers with University asset tags; select the “trade-in” transfer code. Staple a copy of your freezer purchase invoice to this form and submit to Surplus.

Rebate Process:

Please submit the following information to Ribana Milas, ribana.milas@hsc.utah.edu:

- PI Name and Department
- New freezer invoice
- Trade-in freezer information: Previous University location, brand, model and disposal date
- Chartfield for rebate transfer; **please note this must go into a 2500 fund account**

Pricing is confirmed through end of Calendar 2021. Rebates are available while funding lasts. Please confirm availability with Ribana Milas prior to submitting purchase.
